The supervisor will be available most days and regular progress meetings will be scheduled with the student.
# of Hours per week	28
# of weeks	12
Hourly rate:	\$12.00

Rural Healthcare Work Placement Job Posting

Other details	The position offers a unique opportunity for the summer student to receive exposure to rural health care provision in a non-traditional fashion. It reinforces the importance of community participatory research, particularly in rural areas, where studies can be tailored to serve the needs of the community. It offers the student the chance to discover the non-clinical activities of health care professionals, and understand the ties that the research may have to clinical practice. Concurrently, the activities of the summer student will benefit the local communities in which they are conducting their research project(s)
